

**PROJECT**

**Mission Greens HOA**

**LOCATION**

San Diego, CA

**DESCRIPTION**

Five-building condominium community

**SIZE**

80,000 sq. ft.

**SCOPE**

Complete tear-off of the existing concrete roofing tile roof system. Installation of new Eagle Roofing Products *Ponderosa Tile* roof system on the sloped roofs; Sika-Sarnafil S327 60 MIL PVC feltback roof system at the equipment wells and Sika-Sarnafil Décor roof system on the penthouse roofs. Extensive stucco rehabilitation, custom sheet metal replacement, chimney cap replacement, wood fascia and wood deck replacement rounded out the safely completed work. The project also required major scaffolding and a full-time Site Manager.
